Commissioner for Patents  
Washington, D.C. 20231

Sir:

Listed on accompanying Form PTO-1449 are documents that may be considered material to the examination of this application, in compliance with the duty of disclosure requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98. A copy of each of these documents is provided.

Where the publication date of a listed document does not provide a month of publication, the year of publication of the listed document is sufficiently earlier than the effective U.S. filing date and any foreign priority date so that the month of publication is not in issue. Applicants have listed publication dates on the attached PTO-1449 based on information presently available to the undersigned. However, the listed publication dates should not be construed as an admission that the information was actually published on the date indicated.

In accordance with 37 C.F.R. § 1.98(a)(3), Applicants' undersigned representative submits the following, in regards to non-English language documents AM3, AM5 and AL7 cited on Form PTO 1449:

Document **AN3**, patent JP 63-152984 is in the Japanese language. An English language abstract is attached as document **AS32**.

Document No. **AN5**, patent TW 171452 is in the Chinese language . In accordance with M.P.E.P. § 609 III.A(3), Applicants submit herewith Document No. **AN2**. Thus, Applicants believe that Document No. **AN2** is an English language equivalent of Document No. **AN5**, and that no further concise explanation is required. *See* M.P.E.P. § 609 III.A(3) (August 2001).

Document **AP6**, patent JP 2991720 is in the Japanese language. An English language abstract is attached as document **AT32**.

The Examiner is referred to the following list of related, co-pending patent applications:

U.S. Patent Application No. 08/935,377, filed September 22, 1997, inventor Zauderer, M., is a duplicative disclosure of Document **AR33** ;

U.S. Patent Application No. 09/822,250, filed April 2, 2001, inventor Zauderer, M., submitted herewith as Document **AR33**;

U.S. Patent Application No. 10/034,350, filed January 3, 2002, inventor Zauderer, M., is a duplicative disclosure of Document **AR33**;

U.S. Patent Application No. 09/818,991, filed March, 28, 2001, inventor Zauderer, M. *et al.*, is a duplicative disclosure of Document **AL8**;

U.S. Patent Application No. 10/052,942, filed January 23, 2002, inventor Zauderer, M. *et al.*, submitted herewith as Document **AS33**;

U.S. Patent Application No. 10/061,395, filed February 4, 2002, inventor Zauderer, M. *et al.*, submitted herewith as Document **AT33**.

Applicants reserve the right to establish the patentability of the claimed invention over any of the information provided herewith, and/or to prove that this information may not be prior art, and/or to prove that this information may not be enabling for the teachings purportedly offered.

This statement should not be construed as a representation that a search has been made, or that information more material to the examination of the present patent application does not exist. The Examiner is specifically requested not to rely solely on the material submitted herewith. It is further understood that the Examiner will consider information that had been cited or submitted to the U.S. Patent and Trademark Office in a prior application relied on under 35 U.S.C. § 120. 1138 OG 37, 38 (May 19, 1992).

It is respectfully requested that the Examiner initial and return a copy of the enclosed PTO-1449, and to indicate in the official file wrapper of this patent application that the documents have been considered.

This Information Disclosure Statement is being filed more than three months after the U.S. filing date, but before the mailing date of a first Office Action on the merits. No statement or fee is required.

The U.S. Patent and Trademark Office is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,
